Course overview

Engineering Supervisor Initial (ES)

Course Summary

This course is designed to train persons who have been nominated by their line manager/sponsor to enable them to attain the Engineering Supervisor (ES) competence.

The ES competence is required to be held by anyone who is required to set up and manage a worksite within an engineering possession on the rail infrastructure under the direction of a Person in Charge of Possession (PICOP). This includes the management of on and off-tracking On Track Plant (OTP) and train movements within the designated worksite.

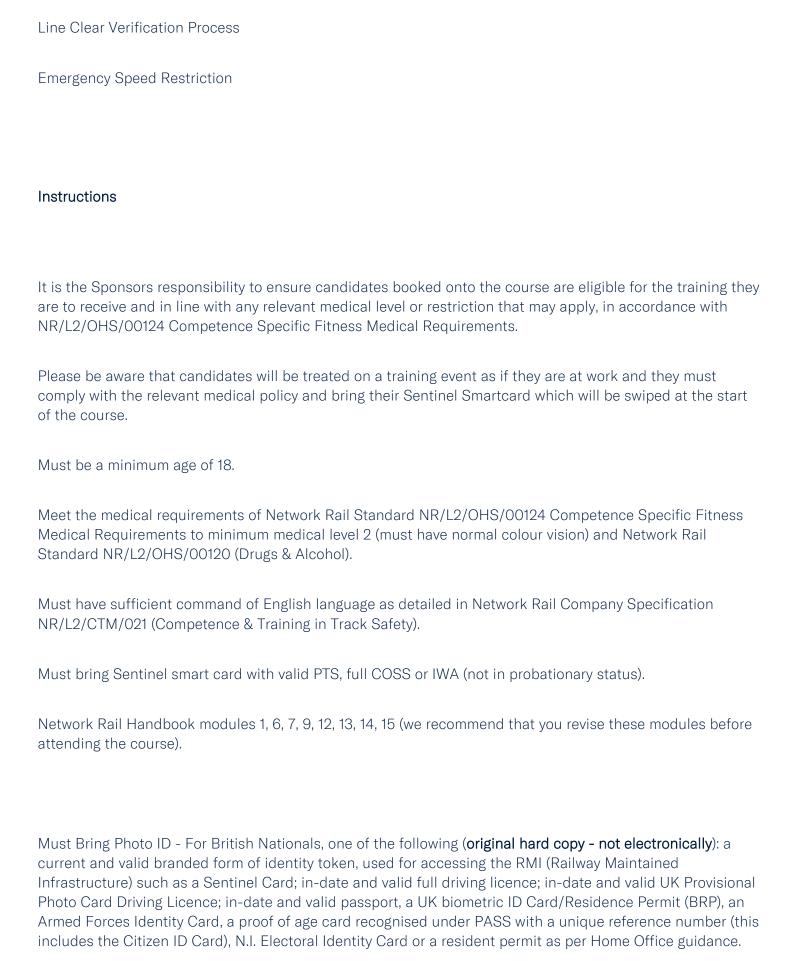

The ES course will take delegates through the procedures as set out in the Rule Book; Handbook 12 (Duties of the engineering supervisor) and Handbook 13 (Duties of the person in charge of the siding).

The course includes the importance of using the correct communication protocols and adopting the appropriate behaviours to be able to carry out this role safely and effectively.

Sessions Introduction
Possession/Worksite Details
Taking the Possession
Train Movements
Loading and Unloading/Train Preparation
Communicating Clearly
Changeover Procedures
Suspension/Handing Back of Worksite

Protecting a Line Open to Traffic

Sidings

For Non-British Nationals - an in-date and valid passport, Identity Card or Driving Licence from an EU or

Machine/Crane Controller

European Economic Area (EEA) country or a US Passport Card is required (original hard copy - not electronically).

Please advise of any special needs i.e. Dyslexia

It is the responsibility of the individual trainees Manager to decide upon their suitability to attend the course in accordance with the current issue of NR/L2/CTM/021 Competence & Training in Track Safety.

Further Information

Following successful completion of the ES Initial training, candidates will enter into a 4 month probation period whereby the sponsor is responsible for mentoring them. The mentoring must be logged in the ES Work Experience Log Book for the candidate to be eligible for further assessment. Within this period, the candidate must have undertaken an Initial ES Assessment with an approved training provider.
