

IOSH - Managing Safely (Virtual Classroom)

Managing Safely is designed for managers and supervisors in any sector and in organisations of all sizes. They won't suddenly become safety experts – but they'll get up-to-speed on the practical actions they need to take and gain the knowledge and tools to tackle the safety and health issues they're responsible for. Importantly, Managing Safely makes a powerful case for safety and health being an integral part of day-to-day management and business.

Managing Safely covers:

- Assessing risks
- Controlling risks
- Understanding responsibilities
- Understanding hazards
- Investigating incidents
- Measuring performance

Please be advised that learners are required to complete a work place risk assessment using either the standard IOSH form or their own company form. This is to be completed **within 2 weeks** of the end of the course.

Instructions
