

Raising & Removing Speed Restrictions (TR12 - Track Handback Engineer) - Initial

Target Audience

This module is designed to train persons who are responsible for ensuring that the track is fit for operational purposes during and following work and raising and removing speed restrictions.

It is designed to develop a person's knowledge, understanding and skills as defined in the competence standards listed below and is therefore particularly suited to persons required to prove their competence in these areas. The module is linked to unit:

Tr12 Ensure that the track is fit for operational purposes following heavy maintenance

Tr13 Ensure that the track is fit for operational purposes following track renewal

Aim

To provide the underpinning knowledge of how to make an assessment of the condition of the infrastructure, following completion of maintenance or renewal work carried out, to determine its fitness for use.

Instructions

It is the Sponsor's responsibility to ensure candidates booked onto the course are eligible for the training they are to receive and in line with any relevant medical level or restriction that may apply, in accordance with NR/L2/OHS/00124 Competence Specific Fitness Medical Requirements.

Please be aware that candidates will be treated on a training event as if they are at work and they must comply with the relevant medical policy and bring their Sentinel Smartcard which will be swiped at the start of the course.

The certificate will confirm that the candidate has attended a training course with Intertrain to the required standards and has successfully completed the underpinning knowledge course. Authorisation to perform Handback duties is the responsibility of the Sponsor company. This card is only valid when held in conjunction with an Authority to Work card outlining the appropriate handback level (1-4) which has been issued by the Sponsor.

Must be a minimum age of 18.

Candidate(s) must have a valid Sentinel card endorsed with PTS and should hold TR00 - Track Induction to be eligible for this training.

NWR candidates must hold valid TR04 & TR011 (not in Probation) to be eligible for this training.

Meet the medical requirements of Network Rail Standard NR/L2/OHS/00124 Competence Specific Fitness Medical Requirements and Network Rail Standard NR/L2/OHS/0120 (Drugs & Alcohol).

Must have sufficient command of the English language as detailed in Network Rail Company Specification

NR/L2/CTM/021 (Competence & Training in Track Safety).

Please advise of any special needs i.e. dyslexia in advance of the course.

Must Bring Photo ID - For British Nationals, one of the following (original hard copy - not electronically): a current and valid branded form of identity token, used for accessing the RMI (Railway Maintained Infrastructure) such as a Sentinel Card; in-date and valid full driving licence; in-date and valid UK Provisional Photo Card Driving Licence; in-date and valid passport, a UK biometric ID Card/Residence Permit (BRP), an Armed Forces Identity Card, a proof of age card recognised under PASS with a unique reference number (this includes the Citizen ID Card), N.I. Electoral Identity Card or a resident permit as per Home Office guidance.

For Non-British Nationals - an in-date and valid passport, Identity Card or Driving Licence from an EU or European Economic Area (EEA) country or a US Passport Card is required (original hard copy - not electronically).

PPE - Hi-Visibility clothing to RIS-3279-TOM standard, hard hat, Safety boots with full ankle and mid-sole protection and gloves

It is the responsibility of the individual trainee's Manager to decide upon their suitability to attend the course in accordance with the current issue of NR/L2/CTM/021 Competence & Training in Track Safety.
