

Site Management Safety Training Scheme (SMSTS)

The Site management safety training scheme (SMSTS) is a five-day course designed for site managers, or aspiring site managers. It is designed for those with responsibility for managing, monitoring, implementing and reporting in a construction environment. The course covers relevant health, safety and environmental legislation affecting safe working in the building, construction and civil engineering industries.

It highlights the need for risk assessment in the workplace, the implementation of the necessary control measures, and adequate communication to sustain a health and safety culture among the workforce.

The SMSTS course is endorsed by Build UK as the standard training for all construction managers.
