

ES to SWL 2 Conversion (Without Tech)

This course is designed to convert persons with the current ES competence to SWL 2. They will have been nominated by their line manager/sponsor to enable them to attain the SWL conversion and subsequent competence.

The SWL competence is required to be held by anyone who is required to plan and set up a safe system of work on or near the line for a group (two or more). An SWL can also carry out the duties of an IWA provided there are no medical restrictions that would prevent this.

All delegates must have successfully completed the e-learning assessment prior to attendance and the certificate needs to be brought to the course.

Instructions
